Please specify if you prefer private use of the aircraft or are happy to share with others. Most people enjoy getting their own group together and we offer a 10% discount to the group organiser only, when this is the case. Otherwise we find our air tours create new friendships and people travelling on their own are very welcome and well looked after.

The Kangaroo Island Hop

Join our 3-day air tour to Kangaroo Island to experience one of the world's great wilderness destinations – and some of Australia's finest gourmet foods.

Fly direct from Albury to Kingscote and return. Only a few hours to another world.

Think of a rugged and beautiful island south east of Adelaide. Think of native bushland, endearing wildlife and pristine beaches. Think of adventure and days of exploring. Think of beach houses, local wines, just-caught seafood and sunsets. You're thinking of Kangaroo Island, a brilliant blend.

Kangaroo Island (or KI as it's known to the locals) is a wild yet welcoming destination that will surprise and amaze you, relax your mind, refresh your spirit and make you feel totally alive. It provides an opportunity to discover scenic variety that will amaze you.

Only a small percentage of KI visitors come from NSW – because let's face it – it's hard to get to. Hours of driving to reach South Australia, an expensive and sometimes rough ferry trip or a tedious bus trip from Adelaide.

Travelling with Smartair means all the hard work is done for you and you're in Kingscote (KI's 'capital city') just a few hours after leaving Albury.

We've found the experienced locals who can show you the real KI, and some captivating beachfront accommodation to relax in. You'll spend most of your two days in KI on the move, but it's worth it!

The fine print:

- A 50% deposit is required to secure your booking and the balance is payable 14 days prior to departure.
- Sorry, but we can't accept cancellations less than 14 days prior to departure. Prior to that you will be charged a percentage of the fare if you cancel.
- Dinner, bed, breakfast, lunches, and morning and afternoon teas are included. Standard drinks are included too, but you may wish to purchase additional wine or beer. If you have any special dietary requirements, let us know so we can organise things in advance for you.
- Accommodation is based on twin share. There may need to be a single supplement – please call to confirm.
- We recommend you consider travel insurance as unexpected medical treatment in remote areas can be expensive.
- Luggage should be restricted to a maximum 7kg in weight and packed in a soft bag.
- In order to calculate our fuel requirements, we will need to know your weight, so don't be offended when we ask!
- We provide bottled water for you on the aircraft and a few other goodies.
- Flights, itineraries and ground arrangements can sometimes be altered due to bad weather.
- On the rare occasion that a delay occurs, there may be extra food and accommodation costs incurred which you would be expected to pay for.
- Smoking is not permitted inside the aircraft or on the tarmac.
- Our usual touring aircraft is our twin-engined Piper Navajo. Please see the Fleet page on our website www.smartair.com.au for more details of the aircraft.
